

Our Mission

While treating our clients with honor, our patients with dignity, and our fellow person with respect, Cross Creek Animal Hospital provides high quality, compassionate veterinary care for your pet's medical and surgical needs.

Our goals are:

1. Treating our clients as we wish to be treated
2. Prevention of disease whenever possible
3. Prevention of suffering and minimization of pain
4. Strong advocacy for our patients

5. Dedication to continual learning and education
6. An energetic and enthusiastic workplace
7. Reasonable fees for services and products
8. Maximization of value for our clients.

Keeping Your Companion Healthy

Pets age faster than humans and by 2 years of age dogs and cats are adults, by 4 years they've reached middle age and by 7 years many of our pets are seniors. Our Wellness Program focuses on early detection, management and, whenever possible, prevention of problems like dental disease, diabetes, obesity, and heart and kidney disease. The health and well being of your companion is our top priority.

Your Companion's Age Equivalent in Human Years

<i>Minimum Annual Savings</i>	<i>\$239.64</i>	<i>\$334.59</i>	<i>\$538.64</i>

Our Wellness Program allows you to provide the best in regular veterinary care for your pet at considerable savings. Here's how it works:

- Choose the plan you'd like to enroll your pet in. You pay a **one-time membership fee of \$75.00** for each pet enrolled. (When you have one pet enrolled already, save \$15 on the enrollment fee for another pet!)
- Payments are made by monthly installments or pay your entire plan (all 12 months) at enrollment and we will waive the \$75.00 membership fee. If you renew your Adult Wellness Plan and pay in full, we will waive the first months payment amount.
- Schedule your pet's checkups, tests, and procedures using our convenient drop-off service.
- In addition you receive discounts for other services not covered in the plan you choose.

* *Comprehensive Physical Examination*

Examination of major organ systems including heart, lung, gastrointestinal, genitourinary, skin, teeth, eyes, ears, nose, and throat. Additional examinations that will be done if necessary and indicated are otoscopic (assessment of ear canals), ophthalmic (assessment of the interior of the eye), and/or rectal (assessment of prostate) exams.

** *Our Vaccination Warranty*

At Cross Creek Animal Hospital, we stand behind everything we do. We choose the best vaccinations available. If your pet acquires a disease for which we've vaccinated him or her within the last year we'll cover up to \$1000 of the cost of treatment at our hospital.

† *Our Heartworm Preventative Warranty*

If your dog acquires heartworm disease while on a monthly preventative year-round we will cover up to \$575 of the cost of treatment at our hospital.

Heartworm prevention must be purchased from Cross Creek Animal Hospital and your dog must have an annual heartworm check. If your dog is an adult and has not been examined at Cross Creek Animal Hospital before, he or she must have two consecutive negative heartworm checks within six months prior to being eligible for this warranty.
